REMARKS

25X1

25X1

1. At 8 a.m. on 20 June 1952, 2 trucks with pontoons, 1 small and 1 large amphibious car, 1 truck with a motor boat, other trucks with covered numbers, tank truck and ambulance occupied by troops wearing black-bordered black epaulets were detained at the southern railroad station in Neubrandenburg. (1)

2. On 19 June, little training activity was observed in the Panzer Kaserne, 1 km southeast of Neubrandenburg, which, on 13 June, was occupied by about 500 troops wearing red-bordered black epaulets. In the evening, numerous tanks moved through the town toward the barracks installation. Truck was seen in the training area. (2)

3. On 19 June, the Tollensesee (lake) water training site of the engineer unit was vacant except for a guard detail of 3 or 4 soldiers. Timber for bridge building was noticed floating near the bank. (3)

4. On 19 June, a train of about 20 flatcars carrying trucks and 2 canvas-covered T-34 tanks and 2 boxcars with personnel arrived at the Neubrandenburg freight station. (4)

5.

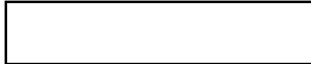

Comments.

- (1) The train carried units of the 413d Indep Pz Bridge Bn of the Second Gds Mech Army and probably carried equipment from Jerichow where the battalion has been carried stationed since 27 May 1952.
- (2) The unidentified guards heavy tank regiment of the 9th Gds Tank Div is believed to rotate elements for practices to the area near its post.

- 2 -

- (3) The water training site is known from previous reports. It is located on the north of the Tollense. The site was previously used by engineer units of the Second Cds Mecc Army.
- (4) A train probably of the 33d Cds Para Rifle Regt of the 9th Cds Tank Div, presumably from or to Pasewalk. No information is available to indicate the location from which the train departed.
